TSX Venture Exchange Trading Symbol: SPN

TORONTO, ON, CANADA - Snipp Interactive Inc. ("Snipp" or the "Company") (OTCQB: SNIPF; TSX-V: SPN), a global provider of digital marketing promotions, rebates and loyalty solutions, was approached by Loyalty360 to get Snipp's perspective on how Blockchain technology can help administer next generation Loyalty programs. Interest in Snipp's role in this rapidly changing environment came as a direct response to the Company's recently announced partnership with LoyalCoin.

Loyalty360 is the leading unbiased Loyalty industry association in North America and serves as a trusted source for cutting-edge research, best practices, and networking opportunities. With members that include numerous Fortune 500 brands as well as technology solution providers like Snipp, Loyalty360 has established its role as a widely followed provider of expert insights and guidance. Industry participants at every level use Loyalty360 to remain current on trends and technology in order to adapt and improve their programs.

The article reviews the recent partnership that Snipp announced with LoyalCoin and explains the Company's vision concerning the benefits of using blockchain technologies to further enhance the incentive marketing space, the advantages and pitfalls of virtual currencies, and trends in the marketplace. "We are honored by the interest that Loyalty360 has taken in our innovations over the years. As the leading industry think tank in the loyalty space, the association has been a tremendous resource for Snipp in terms of connecting with Fortune 500 clients who are looking to transition to more advanced digital solutions," commented Atul Sabharwal, CEO and Founder of Snipp. "Nearly every industry is grappling with how to use and adapt to virtual currencies and blockchain. But in the Loyalty space, these technologies are a natural fit and could play an important role in a fairly dramatic transformation of the industry. As an early-mover in this technology, we believe that Snipp can continue to gain recognition as we incorporate LoyalCoin and other blockchain-based components into our platform."

We would also like to take this opportunity to wish all of our partners and stakeholders a joyful end to the year and look forward to connecting with everyone over the next few weeks on what is turning out to be a strong fourth quarter and financial finish to the year.
